Preparing bulk trash for collection:

Please make sure all materials are set out properly, and keep in mind that items are hand-collected by a two-man crew. The allowed area for bulk is 4 cubic yards of material.

When preparing yard debris for bulk collection, remember the three B's: Bagged, Bundled or Boxed!

Grass, leaves and other small items should be bagged and ARE not to exceed 50 pounds per bag. Tree limbs and cuttings cannot be longer than 4 feet and must be bundled and tied with twine, string, duct tape or similar cord so one person can handle them.
